

# UX Designer (m/f)

Deurne, HQ + Zaandam 📍

32-40 hours 🕒

As UX Designer you are responsible for the creation and continuous improvement of high-quality, user-centered designs across our digital platforms. This includes translating user needs into intuitive interfaces, developing prototypes, promoting accessibility, and ensuring alignment with the broader product vision. As UX Designer you are also having a key role in introducing and embedding design best practices within the organization.

- 1.** You turn complex requirements into user-friendly interfaces using tools like Figma
- 2.** Working in a small, impact-driven team gives you a say in how our products evolve
- 3.** You participate in daily stand-ups to align with developers, product owners, and support teams

## WE ARE LOOKING FOR A COLLEAGUE WITH :

- Higher professional education (HBO+) level of working and thinking
- At least 5 years of experience as a UX Designer, preferably in a B2B environment
- Experience with both web applications and mobile apps
- Strong skills in Figma: prototyping, user flows, design systems, and collaboration
- Demonstrated experience with accessibility guidelines (WCAG/EAA)
- Experience with applying AI tools to boost design productivity
- Strong communication skills to work with technical and non-technical stakeholders
- Fluent in Dutch and English, both spoken and written
- A high-quality, relevant design portfolio

## WE PROVIDE:

### **Salary**

€3.000 – €4.200 depending on your experience

### **38 days off**

25 vacation days and 13 ADV days, or the possibility to have a large part paid out

### **Training budget**

Annual budget for personal development

### **Pension**

We also like to take care of things for later, which is why we have a pension plan with PMT

### **VrijMiBo**

In our own IPBarking cafe, Friday afternoons are nice and cozy

### **Staff Association**

One that organizes mega fun outings, from themed get-togethers and festivals to weekends away

# GET TO KNOW THE TEAM: PRODUCT MANAGEMENT

4 employees, location Deurne, NL

## They work on

- Optimization of product knowledge among internal organization, Customer Centers and dealers.
- Monitoring the operation of the current product portfolio (hardware and software).
- Creation of a unified vision of the product portfolio.
- Realization of product developments.

*"What makes my job at IP Parking so enjoyable is that no day is the same."*

**John, Technical support consultant**

*"Challenging work and personal development within a nice working atmosphere."*

**Erik, Hardware designer**

# APPLICATION PROCESS

Are you getting excited about this job opening? We look forward to getting to know you!

01

## GET IN TOUCH

Please send us your cover letter and resume:

- E-mail (HR@ipparking.com)
- Telephone (0492-793913)
- WhatsApp (06-21536177)

We will contact you within 1 business day.

02

## INTRODUCTION

If your profile matches, we will invite you for an introductory interview at our headquarters in Deurne.  
You will have this interview with Hein (Head of Product)

03

## 2ND INTERVIEW

If there is a click from both sides, we will invite you for a 2nd interview. Then we will go a little deeper into the function and terms of employment and get to know some PM colleagues.

04

## 3TH INTERVIEW + OFFER

If needed, we can schedule a third interview.  
Both sides still enthusiastic after the interviews? Great! Then we'll send you a tailored offer.

## Family business

IP Parking is a young and dynamic company brimming with experience. In our family business, hard work is combined with the necessary dose of fun. We are more than just colleagues and our mutual contact is friendly and based on trust.

## Development

Development is important to us, not only in our products, but also for our employees.

We facilitate (internal) training programs, like to think along in terms of opportunities and offer room to grow.

## Technology

We develop our products ourselves, both the software and the hardware. In these we combine different and interesting techniques. Our mission is to offer our customers and their end users the best Xperience. This ensures that we are constantly looking for new opportunities, techniques and developments. We believe it is important that all employees are given room to think along in the process and can contribute to the continuous renewal of our service and product range.

We do not have to be the biggest, but we do want to offer the best service to our customers.

## International

Despite the small and close-knit teams, we are part of a growing international organization. In this we find it important that we also work closely together remotely with our own customer centers in the Netherlands, North America, Belgium, Poland and our dealers worldwide.

A large company that therefore feels small and where real effort is made to get to know each other better.

**IPPARKING**  
it's all about **X**perience
