

Technical Repair Technician

Deurne, HQ 

36-40 uur 

80% Repairing, replacing and/or updating defective parts as well as software components of our parking equipment

10% Registering defective materials, creating and completing work orders

10% Supporting the Service department with updates or adjustments to the install base and providing recommendations for product improvements

You independently analyze defects and carry out repair tasks **1.**

You contribute to maintaining an optimal stock of exchange units, ensuring a high service level for our customers **2.**

You support colleagues with your technical expertise and work closely with various departments **3.**

You actively contribute ideas for innovation and improvement of our products and processes **4.**

WE'RE LOOKING FOR SOMEONE WHO

- Is accurate, motivated, and takes pride in their work
- Has an MBO level of education, preferably in Mechatronics; ICT knowledge is an advantage
- Has knowledge of network management (strong plus)
- Has a good command of both Dutch and English
- Is quality-focused, results-driven, and analytically strong
- Can handle multiple tasks and maintain oversight
- Holds a valid VCA certificate (or is willing to obtain one)

WE ARE OFFERING YOU:

- **Salary**
€2.750 - €4.600, depending on your experience
- **38 off days**
25 vacation days and 13 ADV days, (but also the option to have a large part paid out)
- **Training budget**
We like to see you develop, so you have an annual budget to spend on training and/or courses
- **Trust and space**
Everyone is welcome to participate in our developments, which is why we offer room for your own input and ideas
- **Pension**
We also like to arrange things well for later, which is why we have a pension scheme at PMT
- **Staff association**
One that organizes mega fun outings (Theme drinks, weekend away, festivals)

GROWTH OPPORTUNITIES

Growing within or outside your own position, that is up to you. We will help you to reach your potential!

GET TO KNOW THE TEAM: PRODUCTION & PROCUREMENT

13 employees

Team P & P is working on

- The practical assembly of the desired parking equipment for customers at home and abroad with a very diverse team of buyers, logistics staff, assembly staff, testers and a repair department.
- They do not assemble in series, but put together projects. The team is a pivot within the company with many contacts to other departments such as Projects, Product Management, Sales, Service and Maintenance.

Teun, Junior Test & Repair engineer

Idor, Assembly employee

“Working in the assembly department is varied and multifaceted, we work with a small group together and for each other on a beautiful and innovative end product, with great attention to detail and quality. IP Parking is a true family-owned business, where the typical Brabant conviviality and humor on the shop floor are certainly not lacking.”

Peter, Manager Production & Procurement

APPLICATION PROCESS

If you are reading this or one of the other vacancies and it makes you happy, we would love to meet you

Family business

IP Parking is a young and dynamic company full of experience. In our family business, hard work is combined with the necessary dose of fun. We are more than just colleagues and our mutual contact is friendly and based on trust.

Development

Development is important to us, not only in our products, but also for our employees.

We facilitate (internal) training programs, like to think along with you about possibilities and offer the space to grow.

Technology

We develop our products ourselves, both the software and the hardware. Here we combine different and interesting techniques. Our mission is to offer our customers and their end users the best Xperience. This ensures that we are constantly looking for new opportunities, techniques and developments. We believe it is important that all employees are given the space to think along in the process and to contribute to the continuous innovations of our services and product range.

We don't have to be the biggest, but we do want to offer the best service to our customers.

International

Despite the small and close-knit teams, we are part of a growing international organization. We believe it is important that we also work closely with our own customer centers in North America, Belgium and Poland and our dealers worldwide, even remotely.

A large company that therefore feels small and where people really make the effort to get to know each other better.

IPPARKING
it's all about Xperience
