

C# .Net Developer (Medior)

Zaandam 

32-40 hours 

55% Developing our latest generation parking application

You apply the latest techniques in developing and maintaining our parking installation

1.

45% Optimize and expand our current parking application

Because you work in a relatively small team of 12 people, you have a major impact on the end result/ end product

2.

You have a daily stand-up meeting with the team to discuss relevant matters

3.

WE ARE LOOKING FOR:

- An independent, eager to learn and social colleague
- HBO + work and thinking level
- At least 3 years of experience in developing applications, with the following techniques: C#, .Net Core/Platform, WPF, SQL Server, REST/WCF. You are also familiar with standard protocols such as TCPIP
- Good command of the Dutch and English language (spoken and written)
- You are a team player, pro-active and flexibel in a dynamic environment

THIS MAKES US EXTRA HAPPY:

- You have knowledge of Windows CE and Windows IoT
- You have an interest and/or knowledge in processing and presenting data

WE ARE OFFERING YOU:

- **Salary**
€4.000 - €6.000, depending on your experience
- **38 off days**
25 vacation days and 13 ADV days, (but also the option to have a large part paid out if you prefer to work through 😊)
- **Training budget**
We like to see you develop, so you have an annual budget to spend on training and/or courses
- **Trust and space**
Everyone is welcome to participate in our developments, which is why we offer room for your own input and ideas
- **Pension**
We also like to arrange things well for later, which is why we have a pension scheme at PMT
- **Remote work**
You have the option to work from home two days per week

GROWTH OPPORTUNITIES

Growing within or outside your own position, that is up to you. We will help you to achieve your potential!

GET TO KNOW THE TEAM: RESEARCH & DEVELOPMENT

12 employees, location Zaandam

Team R&D is working on

- Monitoring the operation of the existing product portfolio (software)
- Creation of a clear vision on the product portfolio
- Realization of product developments

"The combination of Embedded Software with Web and Desktop based applications is perfect for me."

Niek, Senior Developer

"Within IP Parking I can contribute to the development and growth of the products and my department."

Yvonne, Senior Developer

"With the working atmosphere of a small company and the security of a large company. We work at the R&D department from hardware to front-end solutions."

René, Senior Developer

APPLICATION PROCESS

If reading this or any of the other vacancies makes you happy, we would love to meet you!

01

CONTACT US

Leave your details:

- Email (HR@ipparking.com)
- Phone (0492-793913)
- WhatsApp (06-21536177)

We will contact you within 1 working day.

02

ACQUAINTANCE

If your profile matches, we will invite you for an introductory meeting at our office in Zaandam. You will have this interview with Jos and Patrick (Managers R&D).

03

SECOND INTERVIEW

If the first interview is positive for both sides, we will invite you for a second interview with Jos and Patrick. In the first part, a direct colleague will join to discuss the role and collaboration in more detail. In the second part, Yvonne(HR) will join to give you a clear picture of our company and to discuss the terms of employment.

04

OFFER

If we are all still enthusiastic after the 3rd conversation? Then you will receive a suitable offer from us.

Family business

IP Parking is a young and dynamic company full of experience. In our family business, hard work is combined with the necessary dose of fun. We are more than just colleagues and our mutual contact is friendly and based on trust.

Development

Development is important to us, not only in our products, but also for our employees. We facilitate (internal) training programs, like to think along with you about possibilities and offer the space to grow.

Technology

We develop our products ourselves, both the software and the hardware. Here we combine different and interesting techniques. Our mission is to offer our customers and their end users the best Xperience. This ensures that we are constantly looking for new opportunities, techniques and developments. We believe it is important that all employees are given the space to think along in the process and to contribute to the continuous innovations of our services and product range.

We don't have to be the biggest, but we do want to offer the best service to our customers.

International

Despite the small and close-knit teams, we are part of a growing international organization. We believe it is important that we also work closely with our own customer centers in North America and Belgium and our dealers worldwide, even remotely.

A large company that therefore feels small and where people really make the effort to get to know each other better.

IPPARKING
